

LIVINGSTON COUNTY 2021 BUDGET

Chairman of the Board: David L. LeFeber

Administrator: Ian Coyle

Treasurer: Amy Davies

Ways & Means Committee:

Daniel L. Pangrazio, Chairman

Dwight Knapp, Vice Chairman

David M. Fanaro

Eric R. Gott

William S. Wadsworth

David L. LeFeber

Dennis P. Mahus

LIVINGSTON COUNTY
OFFICE OF COUNTY ADMINISTRATOR

Livingston County Government Center
6 Court Street, Room 302
Geneseo, New York 14454

(585) 243-7040
Fax (585) 243-7045

Ian M. Coyle, ICMA-CM
County Administrator

October 30, 2020

To the Livingston County Board of Supervisors:

I am pleased to present to the Board of Supervisors, and the residents of Livingston County, the tentative budget for Fiscal Year 2021.

Prior to in-depth commentary on the details and specifics of the tentative budget, I feel it important to emphasize the goals of the 2021 budget process, as laid out in August with Department Head meetings, and reinforced at the October 14th Board of Supervisors Budget workshop. These goals are organization-wide and are relatively unchanged from last year's Budget process.

- Deal with this New Normal and Covid19 financial/operational impacts
- Present a balanced budget
- Align the budget with the Strategic Plan
- Present a practical, responsible budget that delivers core county services in a cost-effective manner
- Comply with the tax cap
- Use conservative estimates
- Fund priority projects and programs
- Maintain services and programs

Despite the challenges that the pandemic represents from the perspective of financial uncertainty, I am pleased to report that the budget goals outlined above have again been met in their entirety. The framework used for this budget message is consistent with prior years and is also aligned and consistent with the approved framework of the Government Finance Officers Association (GFOA) Distinguished Budget Presentation Award criteria. The County was most recently recognized in 2019 for this award.

Property Taxes

The calculation process as it relates to property taxes, simplified to its core, is the value of taxable value in the county multiplied by a tax rate per 1,000 of value, with the end number the total taxes collected or the tax levy. 2021 budgeted taxable value figures show just slight growth of \$21 MM in valuation.

One of the aforementioned goals of the Board of Supervisors was to maintain compliance with the State Government property tax cap system. This year presented perhaps our most difficult

challenge to date as it relates to the tax cap in that our total allowable maximum levy was a mere 1.14%. The tentative budget calls for a tax rate of \$7.99 per \$1,000 of assessed property value. This is a rate (applied on per 1000 basis to the value of property owned) increase of approximately 0.48% and a levy (total taxes collected in the aggregate) increase of approximately 1.02%.

A homeowner with a single family home assessed at \$135,227, assuming their assessed value did not change, will see their County tax bill increase roughly \$5 from 2020 under this plan. An example County tax calculation is below:

$$\text{(2020 Taxable Assessed Value \& Tax Rate) } \$135,227 \times \$7.95/1000 = \$1,075$$

$$\text{(2021 Taxable Assessed Value \& Tax Rate) } \$135,227 \times \$7.99/1000 = \$1,080$$

The rate is an average rate and is applied equally to all parcels in the county. Exemptions reduce the amount of taxes property owners pay, as do changes (up or down) to the assessment figures.

In summary, the levy impact is a 1% increase. The tax rate is up less than one half of 1% and if this budget is passed as presented, the County stands to collect a little over \$300,000 in additional taxes from property owners in 2021 to meet our service, program and state-mandated obligations. This the lowest tax levy amount increase year-to-year in quite some time.

Financial Policies

The preparatory work in the compilation of this tentative budget is completed under the regulations, restrictions and guidance of a series of financial policies and plans adopted over the years by the Board of Supervisors. These include:

- Fund Balance Policy
- Purchasing Policy
- Financial Accountability Policy
- Budget Transfer Policy
- Investment Policy
- Capital Improvement Plan

Copies of these plans and policies are on file at the Clerk of the Board's office and available for request or public inspection.

The budget is submitted as a balanced budget. The Board of Supervisors has defined a balanced budget as one that has realistic revenue and expense projections and with estimated expenses 100% matched with estimated revenues, inclusive of fund balance allocations if/when applicable. In the 2021 budget, the balanced budget mechanics look like this:

Expenses	Revenues	Fund Balance	Balance
\$164,441,898	\$157,938,064	\$6,503,834	-\$0-

The fund balance allocation is slightly higher in the General Fund and Water/Sewer Funds, unchanged in the Highway Fund and Workforce Development Fund, and increased in the Enterprise (CNR) Fund.

Budget Process and Calendar

The County’s budget process starts in earnest in August of each year. In early August, I as County Administrator and Budget Officer, send a call-out memo to Department Heads seeking their requests, inputs and recommendations on spending and revenues for the upcoming year. We then spend the entire month of August in meetings to review and refine these numbers before presentation in draft, not yet tentative, form to the County’s financial oversight committee, the Ways and Means Committee. Insight, feedback and commentary is gained from the Committee, leading to a further refined draft budget document that is presented and discussed by the Board at a budget workshop in October. Finally, that budget file is molded into what is the technical format of the officially submitted tentative budget, which is what you are reading now. A calendar with the various steps, and substeps not mentioned in detail above, is included here for your perusal:

January	-County fiscal year begins January 1 -Tax bills are sent to taxpayers
February	-County Administrator (CAO) reviews impact of State Budget
March	
April	-County Treasurer completes year-end closing process
May	-County Treasurer presents the Annual Financial Report
June	
July	-CAO issues call-out memo to Department Heads
August	-Departments submit operating draft budgets to CAO -CAO reviews department budget requests, meets with Departments and prepares recommendations
September	-CAO discusses draft operating budget with the Ways and Means Committee -CAO continues refining draft budget
October	-Board of Supervisors hold Budget Workshop (October 14 th) -CAO continues refining draft budget -CAO files the tentative budget (October 30 th)
November	-Public Hearing November 18 th -Board considers adoption or amendments as applicable
December	-Board of Supervisors adopts property tax rates -Salary schedule approved and adopted
Ongoing	-CAO regularly meets with departments throughout the year to assist them in managing budgets within appropriation confines -Budget amended and modified as per policy

As the budget is a best-guess scenario, based on available financial information and forecasting methodologies, there is never a year where all numbers project out as initially expected. Therefore, the Board of Supervisors does make regular in-year adjustments to the adopted budget to maintain accounting controls and keep the finances balanced. This is done through two distinct measures: 1) budget amendment resolutions (submitted by Department Heads, approved by the County Administrator, and submitted to the Committee and Board for final approval) and 2) budget transfers (same process as amendments, and pursuant to the aforementioned Budget Transfer Policy).

Due to the impacts from Covid19, this year in particular saw numerous budget amendments and changes. New York State threatened across-the-board 20% cuts and the Federal stimulus package to assist counties of all sizes with revenue loss relief and expense offsets never materialized. Recognizing that the financial impacts from sales tax loss forecasts and state aid reductions – in addition to extra expenses for frontline staff payroll and personal protective equipment (PPE) – could be quite high, the County took a series of actions mid-year to adjust the budget. In total, some \$6 MM in moves were either planned or made to address various scenarios. Included in these budget amendment measures were:

- Furloughs of 40 staff members for periods of 30,60 and/or 90 days
- Expense/department budget “sweeps” and cuts
- Insurance fund cost reductions
- Movement of unspent dollars to the General Fund contingency account
- Position holds and freezes
- The development and eventual passage of an Early Retirement Incentive
- The foregoing of ~75% of the intended Capital Improvement Plan transfer appropriation

Fund Balance Position

As approved in December 2011 by the Board of Supervisors, the Livingston County Fund Balance Policy guides fund balance utilization and administration. The policies and procedures section of the policy is most relevant to the formation of the annual budget and is included here:

POLICY:

- 1. When resources have been spent, the County deems that they have been first spent from the highest constraint level available; therefore, they are considered to have been spent in the following order: restricted, committed, assigned and unassigned.*
- 2. The County will maintain an adequate fund balance in its general fund to provide flexibility and to mitigate current and future risks (e.g., revenue shortfalls and unanticipated expenditures), to ensure stable tax rates, to provide for one-time opportunities and to retain favorable credit ratings. The County will endeavor to maintain unassigned fund balances in its general fund of twenty percent (20%) of regular general fund operating expenditures, net of local sales tax distribution. This amount provides the liquidity necessary to accommodate the County’s uneven cash flow, which is inherent in its periodic tax collection schedule, and to respond to contingent liabilities.*
- 3. The actual level of fund balance in the County’s general fund is determined in its annual financial statement, several months after the end of the fiscal year. The County’s budgeting process, which culminates both in the establishment of the following year’s tax rate and the use of any appropriated fund balance, begins approximately two years in advance of the financial statement that will show the budget’s results. Because of this time lag and because of the uncertainties of the budgeting process (such as the amounts of appropriated fund balance actually used each year), it is not possible to guarantee in advance a specific level of fund balance at the close of any fiscal year. Therefore, the County will use the following procedure to adjust the levels of fund balance, as necessary.*

PROCEDURE:

1. *Once the external auditor has reviewed the County's financial statements for the prior year and has confirmed the fund balances of the general fund, the County Administrator will recommend to the Ways and Means committee of the Board of Supervisors the amounts and types of assignments for the fund balance to be included in the financial statement.*

2. *The Ways and Means committee will review these assignments, discuss them with the external auditor as necessary and accept or modify the assignments prior to the presentation of the statement to the Board.*

3. *The County Administrator, as Budget Officer, shall make recommendations regarding the use of fund balance to be appropriated in the following year's budget based on this policy; specifically, he shall recommend an amount that will, in his estimation, retain the requisite/appropriate level of fund balances established in this policy.*

The fund balance position, with estimated impacts from 2020 budget-to-actual performance as forecasted by the County Treasurer, is included here:

	Fund Balance Projection				
	Actual Expense and Revenue Date:	10/28/2020			
		Original Budget	Actual/Estimates		
General Fund - A					
	Beginning Unassigned Fund Balance			\$ 33,819,371

	Estimated Revenues through Year End		126%	\$ 2,306,265		
	Projected Year End Revenues	\$ 2,085,000			\$ 2,628,587	
	Projected Ending Fund Balance					\$ 2,955,213
Workforce Development - J						
	Beginning Fund Balance				\$ (16,395)	
	Actual Expense & Encumbrances		50%	\$ 1,218,343		
	Estimated Expenses through Year End		101%	\$ 1,256,425		
	Projected Year End Expenses	\$ 2,457,085			\$ 2,474,768	

	Actual Revenue	46%	\$ 1,134,041		
	Estimated Revenues through Year End	100%	\$ 1,328,515		
	Projected Year End Revenues		\$ 2,457,085	\$ 2,462,556	
	Projected Ending Fund Balance				\$ (28,607)
Self Health Insurance - MS					
	Beginning Fund Balance			\$ 5,900,826	
	Actual Expense & Encumbrances	0	\$ 8,874,308		
	Estimated Expenses through Year End	no estimate			
	Projected Year End Expenses		\$ -	\$ 8,874,308	
	Actual Revenue	0	\$ 10,760,022		
	Estimated Revenues through Year End	no estimate	\$ -		
	Projected Year End Revenues		\$ -	\$ 10,760,022	
	Projected Ending Fund Balance				\$ 7,786,540
CNR - E					
	Beginning Fund Balance			\$ (21,825,072)	
	Actual Expense & Encumbrances	75%	\$ 26,315,554		
	Estimated Expenses through Year End	110%	\$ 12,687,699		
	Projected Year End Expenses		\$ 35,312,048	\$ 39,003,253	
	Actual Revenue	61%	\$ 21,597,980		
	Estimated Revenues through Year End	104%	\$ 15,196,839		
	Projected Year End Revenues		\$ 35,312,048	\$ 36,794,818	
	Projected Ending Fund Balance				\$ (24,033,507)
		*The CNR operates on different accounting basis than the General Fund and others. If assessed as the General Fund is, the fund balance position would show a cash balance of \$14,500,000 at Year-End 2020.			
	<i>*Estimated Expenses and Revenue % based on 2019 audited financial statements pgs 70 & 71</i>				
	<i>The financial information in this projection is based on the information available and is preliminary, unaudited and subject to revision. Future events or results may differ from those anticipated or expressed in this projection. The COVID19 Pandemic may significantly impact financial forecast as there are many unknown factors.</i>				
	<i>Therefore, the actual results achieved may vary significantly as presented in this projection.</i>				

Financial Summary

Fund	Appropriations	Revenue	Appropriated Fund Balance	2021	2020
General - Operations	\$108,772,740	\$85,412,482	\$2,485,000	\$20,875,258	\$20,670,141
General - Capital Transfer	\$950,000		\$375,000	\$575,000	\$500,000
County Road & Machinery	\$14,515,527	\$5,616,720	\$350,000	\$8,548,807	\$8,527,460
Center for Nursing & Rehabilitation	\$34,020,446	\$30,815,477	\$3,204,969

Worker's Compensation	\$2,871,100	\$2,871,100			
2021 Grand Total	\$164,441,898	\$127,938,999	\$6,503,834	\$29,999,065	\$29,697,601
	Assessed Value	Tax Rate	% change tax rate		% change tax levy
2020	\$3,736,370,804	\$7.9482			
2021	\$3,756,438,806	\$7.9860	0.48%		1.0151%

The accompanying documents (starting in Section 2) present a summary of the revenues and expenditures and are organized as follows:

1. Revenue Annual Budget by Organization Report
2. Expense Annual Budget by Organization Report
3. Budget Worksheet Report

Within the schedules noted above, both revenues and expenses are broken down by major type (revenue, i.e. property taxes; expenses, i.e. Legislative Board) and display the 2019 Actual performance, the 2020 budget figures, Department submissions for 2021 and finally the Budget Officer's recommended estimates for 2021. Within the ERP system, most of the Budget Officer recommendations were made prior to what is called "advancing" the budget requests, therefore, most of these last two columns are of the same figures.

We were fortunate this year to experience an actual decline, not the usual 5-10% increase, in health insurance premium equivalencies for 10/2020 to 09/2021. Therefore, the overall health insurance costs, and department by department insurance budgets, saw significant reductions. The total spend in years' past has totaled some \$13MM. The New York State Retirement System estimates are in the \$7.5MM range organization-wide and within current and past year budgeted allotments. A small cost-of-living adjustment of approximately 2% was included in the budget and the Board of Supervisors will consider any salary adjustments for 2021 over the next two months of this fiscal year.

Overall, County Department Heads did an admirable job of holding-the-line and keeping the total departmental local share (net cost to the county) close, at or below the same figures for 2020 and are to be commended for their budget acumen and cost containment strategies.

Revenues

Total non property tax, non fund balance revenues in the 2021 budget estimate number approximately \$35.3 MM. These include items such as fees, PILOTS, other taxes, interdepartmental revenues, intergovernmental revenues, sales tax, state and federal aid and miscellaneous sources. Forecasts for revenues are obtained through a variety of means and mechanisms including but not limited to: information gleaned from state association sources, State Comptroller data, state aid award letters, federal aid award letters, estimates from other governments, and trend analysis projections. New this year was the inclusion of a local revenue for mortgage recording fees. Housed and processed out of the County Clerk's budget, this extra .25% represents the first non-property tax revenue for the county in over ten years. Being able to budget this local revenue in the 2021 budget allowed the County to reduce the demand on the property tax levy by over \$450,000. More detailed revenue information on the revenue centers representing the largest percentage shares of the budgeted revenues is included here:

Sales Tax

While the sales tax fluctuations this year due to the economic shutdown and NY on Pause were unlike anything we have experienced in this lifetime, the County's largest single revenue center in the General Fund continues to be sales tax. Up through October of this year, the County was on track to be lower than 2019 in terms of total sales tax collections. However, an adjustment was made this month in Albany by NYS Tax & Finance and we went from projecting a 1.5% decline year-to-year, to being up 1.5% year-to-year. In fact, with an October 2019 to October 2020 collection increase of nearly 60%, Livingston County as a percentage growth factor was the best in the State. It remains to be seen what the 4th quarter will bring for sales tax. With the County's reliance on tourism and gas sales, coupled with a recent rise in the amount of Covid19 positive cases and an increasing infection rate, we still could see a slight downturn to finish off the year. Worth noting is the fact that the 2020 budget was less than the 2019 actual. We conservatively budgeted a slight decrease (of approximately \$300K). Therefore, any increase will be good for the budget.

Because of the continued uncertainty with the economy and a second or third Covid19 wave leading to possible, protracted pauses in the economy, the County is projecting zero budget growth in this revenue center for 2021. This is also due in part to the State taking away a sizeable portion (~\$830K) in sales tax revenues to pay for both Aid and Incentives to Municipalities (AIM) aka state aid to towns and villages and a distressed hospital/facility fund.

State Aid

As a County in New York State, we are regularly mandated to provide certain programs and services. In total, the costs of running these programs and accounting for these mandates far exceeds the aid that comes in from the State government to financially support these locally-delivered County efforts. This year, and forecasting into next year, has proved very difficult. Governor Cuomo has directed payments for certain state aid revenues/reimbursements to counties to be withheld up to a rate of 20%. We are seeing this now and expecting some of this to continue into 2021. A withhold is typical reimbursed later on, so from an accounting perspective we may, at year-end 2020, need to show this as a receivable. Due to the continued uncertainty around what the various departments will get for state aid, I have budgeted an increase to the Contingency account from ~\$500,000 to \$1,000,000.

Federal Aid

Many programs, as is the case with the aforementioned state mandates, carry with them a reimbursement formula from the Federal government. This area of revenue is projected to be relatively

flat versus 2020. Major departmental drivers of this revenue include Social Services (e.g., Child Care), Public Health (e.g., WIC program) and the County Jail with Federal Inmate board-ins. As was the case last year, these jail revenues are, in-turn, redirected towards a segregated reserve via an interfund transfer at year-end. Despite all of our financial challenges, we were able to keep this transfer, over \$1MM, in the budget as an appropriation for 2021. There is no extra or enhanced Federal aid appropriated in the 2021 budget related to ongoing stimulus discussions on direct and flexible aid to state and local governments.

Other Major Funds

The Highway and Machinery Fund (Funds D and DM) projects \$5.62 MM in non property tax revenues for fiscal year 2021. This is buoyed by State Aid, the New York State CHIPS program and Federal Highway Capital Grants. This is down significantly from 2020 due to major project activity associated with reimbursements and timing of projects and the funds thereof. We continue to exercise the benefit of the bridge capital account to do additional work with local dollars and offset local matches on larger, state and federal aid eligible construction projects.

The County's largest department by staff and budget is the Center for Nursing and Rehabilitation, aka the CNR. The CNR appropriations budget for 2021 is \$34 MM. Due to the availability of the federal financing vehicle known as the Intergovernmental Transfer or IGT program, the CNR is not reliant on the use of tax levy dollars to support their fund.

Aside from miscellaneous revenues of some \$770,000, the Center for Nursing Rehabilitation (Enterprise Fund E) is funded through daily room rate revenues of residents at the Center (\$25 MM) - which are comprised of Medicare, Medicaid, Private Pay Insurance, and other commercial insurance; and the Federal Government Intergovernmental Transfer (IGT) Program of ~\$5MM. The match for the 2021 IGT (required to originate from the County's General A Fund) will be drawn from the County's fund balance when required.

On March 13, 2020, the Centers for Medicare and Medicaid Services issued a Memo, restricting visitation within the all skilled nursing facilities to include, but not limited to: general visitation, the cessation of non-emergency podiatry and dental services, optometry services and outside contractors, in an effort to mitigate the potential spread of Covid19 in all facilities. These requirements extended to the immediate suspension of the Garden Of Life Adult Day Care Health Program. From March to present, there have been a number of infection prevention requirements that have adversely affected the admission and re-admission process(es) in the center, which has impacted the budget.

In 2020, New York State also introduced a number of cost saving initiatives which have impacted current and future revenues at the CNR. These include a 2.0% reduction in Medicaid reimbursement, a mandate to convert all Managed Long Term Care Medicaid recipients to traditional Medicaid 90 days post admission, a state-wide reduction in the capital component of the capital component of the Medicaid rate and as of early October, the Governor reduced the anticipated IGT payments to all public skilled nursing facilities. Our IGT payments went from in the ~\$9MM range to the ~\$5MM range.

While the pandemic continues to have an impact on staffing of all healthcare personnel, the CNR's level of preparedness and response to the myriad regulatory changes is second to none in our community. The staff at the facility should be commended for their efforts during this crisis.

The Risk Retention and Workforce Development funds are without substantive change in 2021. The Workers Compensation Fund is also without major change, save for the continued rolling in of cost-share ratio changes, moving more expense to the County and away from the Towns via a formula amendment approved some years ago. 2021 represents the last and final year of this apportionment change, culminating in a 50/50 assessment-to-experience ratio split in funding.

Major department cost centers like the Sheriff's Office and the Department of Social Services saw reasonable, but not overwhelming, cost level increases. The aforementioned lowering, by 8%, of premium equivalencies for the County's self-insured health insurance program went a long way to limiting the local share increases of department budgets. The early retirement incentive (ERI) also played a role in supplying substantial savings to the 2021 budget, savings which will be ongoing in the years' ahead.

Debt Obligations

Debt Schedule 12/31/2021

Purpose	Type	Date of Issue	Interest Rate	O/S @ 1/1/2021	Principal Due 2021	Interest 2021
EFC Livonia Center Sewer	SB	3/4/2004	2.025%	165,000	10,000	7,747.51

TOTAL:				39,455,880	3,711,419	1,246,919

The County maintains a very prudent and manageable schedule of debt. In 2020, Livingston County refinanced some existing debt to take advantage of a competitive interest rate environment and save on debt service expenses. The refunded bonds had a value of under \$2 million and the County received a bond rating update as a result of the refinancing. According to the Moody's report, Livingston County has a stable outlook bond rating of Aa2, which is an excellent rating for a county its size. Bond ratings are an opinion of an organization's financial stability and are a factor used to determine interest rates for municipal debt.

The Moody's report also commented on the fiscal profile of Livingston County government by noting that *"the county's financial position is currently solid and included very strong reserves and liquidity entering fiscal 2020. The county has taken a series of budget actions to prepare for uncertain sales tax revenues in the third quarter. These steps combined with the county's strong reserves place it in good position to navigate revenue pressures in fiscal 2020 with only modest impacts to credit quality. The county's debt and retirement costs are manageable and also factored into the rating."*

Most capital projects are funded on a pay-as-you-go basis through reserve and project allocations accompanying the 5 Year Capital Improvement Plan (CIP) which is attached as an addendum to the budget. This is a draft plan as it awaits formal BOS approval. Recent projects approved include the expansion of the Emergency Operations Center to handle the growth of the

County Emergency Medical Services department and the completion of the ERP system. Next year, we are slated to complete the LCSO Training Complex in Mount Morris.

Position Summary Schedules

The County budget funds hundreds of positions spread across scores of programs and services. A summary of position count and status is included in the appendices section of this submitted budget. The budget calls for a few changes to the present personnel landscape including many concurrent positions, which will be deleted, to address succession planning and staff transitions to retirement for long-term incumbents. Our full-time position count on this roster is down over 20 positions from the same report in 2020. Additionally, as aforementioned above, the impact of the ERI will be felt in our overall staff numbers in 2021 and the years beyond.

Only one of the five unions that represent the County's employees have contractually obligated wage increases in an active agreement covering 2021. The other unions, and those non-union members of the county workforce on the Department Head Salary Schedule, have a placeholder number included in this tentative budget based on the assumption that agreements or rollovers will be reached either shortly before or after the 2021 Fiscal Year begins. However, any wage decision rests with the Board of Supervisors.

Priorities, Issues, Challenges and the Budget Landscape

Notes and Changes

There are no major service reductions or expansions in this tentative budget. Even with the uncertainty over revenue from state aid and the fluctuation in the sales tax returns we experienced this year, the services and operations the public expect from LivCo government will remain in place for the 2021 budget year. Obviously the caveat is the possibility of a continued, severe economic downturn, massive state aid cuts and/or sales tax drops. If any of these possibilities indeed turn into realities we will process the necessary amendments and make the essential cost-cutting measures to keep the budget in balance as the fiscal year progresses.

Our CIP will be separately considered by the Board of Supervisors, likely at the Ways and Means meeting in November or December. This five-year outlook projects capital improvements for expenses like building renovations, software and hardware upgrades, emergency communications and interoperability upgrades and adaptive re-use of existing space. We expect to make a transfer of at least \$950,000 to support capital project needs in FY 2021 with more dollars coming from existing project reserves and allocations and intergovernmental grant awards. The 2021 budget includes this \$950,000 number with some support coming from the fund balance draw that is utilized this budget cycle to balance the expenses and revenues. Approximately \$375K of this fund balance number is something I refer to as "rollover" money in that I am suggesting we reappropriate unspent, unused portions of the expected, but never spent, CIP transfer expense in the 2020 budget. We had held this authorization back during our mid-year budget adjustments during the initial hit of the Covid19 pandemic response. The draft CIP is included as an addendum to this tentative budget.

Mandated Services and Programs

Legislative mandates from New York State represent the single largest expense and programmatic burden to the County budget. A few years ago, NYSAC spearheaded the program “9 for 90” which highlighted the fact that 9 mandates were directly attributable to 90% of the tax levies collected by counties statewide. In Livingston County, this situation remains the same. Medicaid is our largest single expense and perhaps the most recognizable as a fiscal burden. Despite monumental legislative wins from 2000-2015, including a 3% cap and finally a fixed expense level, our annual bill is still approximately \$8.5 MM, and represents, by itself, almost 30% of our expected property tax collections in 2021.

Pension costs as part of the NYS Retirement System are another large mandated expense for the County. The expense is worth highlighting. The budgeted estimate is essentially flat versus 2020. This is due to the County having some excess budget room in the 2021 budget not necessarily due to the rates projected to be flat themselves. Instead, we expect based on Comptroller estimates, to receive some increases in part due to the performance of the stock market and the retirement fund financial performance as a result.

Other major mandates that contribute to the levy size include Community Colleges, Probation, Pre-K Special Education, Public Defense and a multitude of Social Services programs.

Cultural and Non-Profit Support

In addition to the dozens of contractual relationships we have with non-profit providers for service arrangements (e.g., Catholic Charities), the 2021 budget continues the long tradition of Board of Supervisors’ financial support of local non-profits and community agencies. It was a significant challenge to maintain the support for the non-profit programs but this budget did find a path forward to keep 2020 levels basically the same for 2021. Next year, the Pioneer Library System will receive \$97,000 in support for our in-County libraries. The support for the Hemlock Fair is continued and the Soil and Water Conservation District is budgeted for an increase. The Historical Society is budgeted at \$51,600; Cornell Cooperative Extension at \$512,500; Livingston Arts at \$50,000 and numerous others at varying appropriation figures.

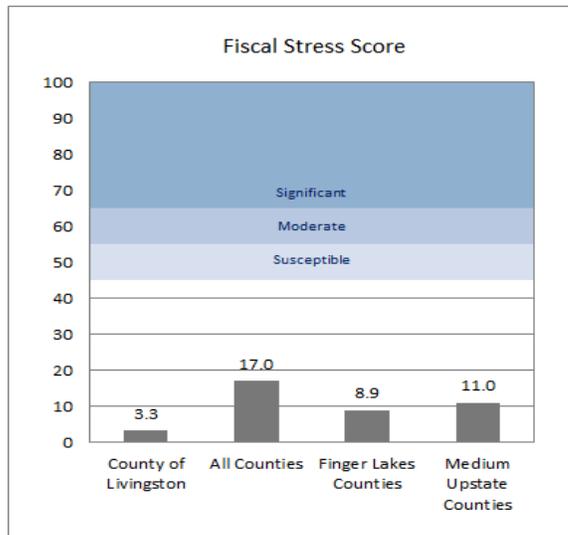

Health Insurance

Health insurance expenses, including retiree health insurance, are major cost centers. The health insurance budget is down from the 2020 figure due to our premium equivalences (e.g. “premiums” in the self insured environment) being reduced by 8% for the October 2020 to September 2021 program year. This is the first time in recent memory where we actually had our overall health insurance rates go downward and the subsequent savings is sizeable, in the \$1,000,000 range. The budget does include a projected rate increase in October 2021 to accommodate a possible uptick in costs for the next program year.

Fiscal Stress Score

Livingston County has a low fiscal stress score as measured by the NYS Comptroller’s Office. Fiscal stress scores as a measure of financial condition may be defined as a local government’s ability to finance services on a continuing basis. This ability involves maintaining adequate service levels while surviving economic disruptions, being able to identify and adjust to long-term changes, and

anticipating future problems. The weighted score for Livingston County is again much better than the averages of all counties, regional counties, and counties of similar size. We maintain a fiscal stress score in the top tier of all counties in New York State.

Closing Comments

This has been a trying year. When the Covid19 pandemic struck New York State, and Livingston County, we found ourselves on the front line of the battle to contain the virus. We declared a local state of emergency. The County Government Center and other buildings were closed, the Nursing Home was closed to visitation and the subsequent societal and financial impacts had significant reverberations. This was the very first time we have had to effectively shut down a large portion of County government. Our Board meetings and many staff went remote. Senior nutrition sites were closed and public access was limited. Service, however, did not stop. The county workforce was on the front lines of this response, and in fact remains to this day on the front lines of the continued efforts to deal with the fallout of the public health crisis. In fact, just this week we initiated a drive-up rapid testing clinic through the efforts of Director of Health Jennifer Rodriguez and Public Health nursing staff. What the last 8 months has shown is a vindication and validation of the decisions we have made to invest – over the course of many, many years - in our departments, staff, training and resources. Having full service Public Health and Mental Health in the time of a pandemic is priceless. Knowing that a full-service EMS is available for transports is comforting. Relying on the Sheriffs to maintain public safety and the CNR staff to be steadfast in their patience on testing and new protocols has allowed us to keep both the jail and CNR basically Covid19 free. Countless members of our county staff have stepped up and helped out with food supply drop offs, PPE supply ordering and emergency operations work.

I used the following comment in my budget message last year. While for many it is hard to remember when life was normal, this was written in October of 2019: *"While the local and national economic scene appears to show signs of a robust financial picture, we remain guardedly concerned about the out-years. In response, we employ practices such as implementation of a fund balance policy, conservative budgeting practices, adherence to a 5 year CIP, and other associated measures and practices to essentially insulate and isolate the County from the major financial ebbs and flows that often negatively impact other institutions."* As I have stated to anyone that will listen, while moves can be and were indeed made to respond to the immediacy of a financial crisis, what separates local government fiscal response capabilities are the moves and actions made in past years to prepare a

county government to even be in a position to handle such strife and economic calamity. Actions, legislation and measures taken by this Board and previous Boards set in motion certain practices, norms and procedures that are expected and customary in this County. Such forward-thinking practices, coupled with an amazingly nimble and responsive staff, allowed Livingston County to adequately address the immediate financial impact of this public health crisis.

The County has the power to tax so, in effect, we can to a point tax and spend our way out of most budget struggles. That being said, we have chosen instead to hold the line, keep the tax levy impact at a nominal 1% increase, and not ask much more from our tax base to support the 2021 operational cost of county government. We realize people are hurting, unemployment is high and anxiety and unrest about the state of the economy and the continued severity of this virus is even higher. However, we are of the belief that while we will get through this as a county government operation, it is the small business and economic livelihood of the residents that we are concerned about and consider one of our highest priorities. LivCo Economic Development, through the IDA / LCDC, assisted in the following ways related to Covid19:

- We provided an option for payment deferral on loans to existing borrowers in our revolving loan fund. We had 23 loans in the portfolio and ~20 exercised the deferral.
- Digital matching grants were created to help businesses who needed a web presence to aid in sales and communications with their customer base. These grants were in an amount of up to \$500 and were used to create web pages, online inventories, ordering and sales transactions. We assisted 8 businesses with this program.
- The Local Business Recovery Fund was an emergency loan program of up to \$10,000 that was designed to assist businesses with short-term cash flow needs, such as purchasing new inventory of perishables lost due to the shutdown, working capital, operating enhancements and lost revenues. Payments were deferred for the first 6-months of the loan and then will begin repayment over a 4 year term at 1% interest. We assisted 5 businesses with this program.
- The IDA Board voted to increase the annual funding of \$75,000 to \$190,000 for the purposes of community development in the face of Covid19. Almost \$600,000 was invested in our small businesses throughout the County with the assistance of the IDA funding and LCDC administration. The programs funded by this are as follows:
 - The First Impressions program was not newly created for Covid19, but we were able to use the increase in funding as a response for businesses that were struggling as a result of Covid19. The program is a 50% matching grant of up to \$5,000 and in this case provided \$115,000 in grant funds matched by \$193,000 for a total investment of \$312,000 by 43 businesses.
 - The Small Business Innovation Fund was designed to assist businesses with adapting to the changes caused by Covid19. The fund offered 50% grant funding up to \$5,000 for things such as design, technology, supplies, training, furnishings or infrastructure to enhance/create features to assist operations. We assisted 18 businesses with this program funding \$75,000 in grants which were matched by \$198,800 in private funds for a total investment of \$274,000.

We celebrate our 200th anniversary next year. We will of course celebrate but it appears with recent trends that the planned celebratory events may need to be scaled down a bit in this new normal. No matter the health situation, rest assured we will recognize the many accomplishments of 200 years of Livingston County government. This tentative budget again funds the staff, services, programs and projects necessary to drive creativity, strategic initiatives and high-performance efforts in Livingston County. We are dedicated to delivering high-quality, responsive and best-in-class service to our 65,000 residents.

In this time of health and financial uncertainty, we in Livingston County government remain committed to serving our residents, visitors and taxpayers with only the highest quality of public service and this budget adequately funds these services. I am so thankful and grateful as County Administrator for the remarkable work of County staff and how proud I am to be part of such an amazing organization. The work of the essential workforce in maintaining operations and performing vital public services in the face of a global pandemic is indeed something to watch.

Looking at this from a budget perspective, yes there have been challenges. As I stated to the County Department Heads in my budget callout memo in July – *“While these are indeed challenging times, if you didn’t want or seek challenging times, why did you get into this line of work, right? We will get through it. It may very well be the worst budget crisis we will face or it might not be that bad, but it definitely will be unlike any budget development cycle anyone has experienced in this County. I sincerely appreciate the work that you do and I look forward to your cooperation, insight and assistance.”*

In concluding this budget message, I would like to personally thank the County government staff for their public service. This budget is fiscally sound, balanced and forward looking. I readily await its public inspection, review and eventual adoption.

Sincerely,

A handwritten signature in cursive script that reads "Ian M. Coyle".

Ian M. Coyle
County Administrator
